**APRIL 25, 2017**

### **OZARKS AREA COMMUNITY ACTION CORPORATION BOARD OF DIRECTORS RESOLUTION NUMBER 001 TO DRAW ATTENTION TO THE PROPOSED FEDERAL BUDGET OUTLINE FOR FFY2018 AND ITS EFFECT ON OACAC.**

Whereas, the Ozarks Area Community Action Corporation (OACAC) operates the Foster Grandparent Program (FGP), the Weatherization Assistance Program (WAP), the Low Income Home Energy Assistance Program (LIHEAP) and the Community Services Block Grant Program (CSBG) in its ten county service area in Southwest Missouri that have been directly targeted for elimination in the **Proposed** FFY 2018 Budget Outline.

Whereas, OACAC's Mission is to enrich the lives of families and individuals within our communities by providing opportunities, offering assistance and empowering people to make positive change and these four programs provide a variety of services for low-income people to assist them in becoming more self-sufficient and in improving their quality of life.

Whereas, as an example, the OACAC Foster Grandparent Program (FGP) funded through the Corporation for National and Community Services (CNCS) in OACAC's ten county area and four other counties had over 60 Foster Grandparents who served in 43 volunteer stations for a total of 62,550 hours and helped 429 children improve reading and math skills with limited funding and staff in the 2015-2016 program year.

Whereas, as an example, the OACAC Weatherization Assistance Program (WAP) funded by the federal Department of Energy through the Missouri Department of Economic Development Division of Energy and LIHEAP provided free Weatherization services to improve energy efficiency, affordability, health and safety living conditions for 197 eligible low-income residents with primarily DOE funds and with LIHEAP funds that were transferred to the Weatherization Program in Missouri, providing an additional source of revenue to weatherize homes.

Whereas, as an example, the OACAC LIHEAP Program (both Energy Assistance and Energy Crisis), not an entitlement program, funded by DHHS through the Missouri Department of Social Services, Family Support Division allowed OACAC to provide services for 23,337 income eligible households in the 2015-2016 year designed to address energy crises and target vulnerable low-income populations.

Whereas, as an example, the OACAC Community Services Block Grant Program (CSBG) funded by DHHS through the Missouri Department of Social Services, Family Support Division operates ten Neighborhood/Community Centers in its ten county area which are the first point of

contact for people seeking assistance in a variety of income eligible programs and activities including intakes, assessments and referrals, Life Skills classes, Back to School Fairs and Commodity Food and also provides the OACAC Reality Enrichment and Life Lessons (REALL) Program and the Vocational Opportunities Inspiring Children In Elementary (VOICE) Experience.

NOW, THEREFORE, BE IT RESOLVED that OACAC will continue to focus on the work being done in our programs, and carry out our Mission because we believe that poverty is not a partisan issue and we believe in the value of assisting families and individuals to improve their quality of life. And OACAC encourages all agencies and individuals to let your elected officials in Missouri and in Washington, D. C. know about the value of OACAC Programs and their economic and programmatic contributions to the communities in the OACAC ten county area in Southwest Missouri and to support funding for our programs because we do not want people to have to make choices about basic needs regarding food, utilities, medicine, living conditions and anything else related to quality of life. In the event these four OACAC programs were eliminated as part of a desire to raise defense spending, low-income people would be placed in very challenging positions regarding the need to do more with fewer resources, become self-sufficient overnight or suffer the consequences of not being able to maintain a decent quality of life.

This Board Resolution was adopted at a regular meeting of the Ozarks Area Community Action Corporation's Board of Directors on Tuesday, April 25, 2017.

  
Dave O'Dell, Board President
