

INSTRUCTIONS FOR MISSOURI W-4

Read the Notice "Important Changes Regarding 2019 Employer's Withholding Taxes", then click the link for the withholding calculator (this will help you determine the correct Filing Status for your tax circumstance) or "I have read this information" (clicking this will allow you to get to the form and you can electronically complete it, then print and sign and date).

Line 1 - Select a Status.

1. Filing Status: Check the appropriate filling status below.

- Single or Married Spouse Works or Married Filing Separate Married (Spouse does not work)
 Head of Household

Underline, or circle, which one you're selecting "Single" or "Married Spouse Works" or "Married Filing Separately"

- Single or Married Spouse Works or Married Filing Separate

Line 2 - Put in a dollar amount. Zero or whatever dollar amount additional you want withheld for State taxes for EACH pay check. NO half dollars (i.e. \$2.50), **must be whole dollars** (i.e. \$2.00 or \$3.00).

Line 3 - Put a Zero. I have no way to reduce your withholding.

Line 4 - Enter a dash or write N/A. The majority of people are not exempt. Receiving "a" refund from the state does not automatically qualify you as exempt. You are exempt **ONLY** if you receive every penny back that was withheld (box 17 on your W-2).

Sign the form and date it (date = day you completed and signed, not your birthdate).

Do not leave anything blank. I hope this helps clarify the completion of this form.

Step 2: Multiple Jobs or Spouse Works

Complete this step if you (1) hold more than one job at a time, or (2) are married filing jointly and your spouse also works. The correct amount of withholding depends on income earned from all of these jobs.

Do **only one** of the following.

(a) Use the estimator at www.irs.gov/W4App for most accurate withholding for this step (and Steps 3–4); **or**

(b) Use the Multiple Jobs Worksheet on page 3 and enter the result in Step 4(c) below for roughly accurate withholding; **or**

(c) If there are only two jobs total, you may check this box. Do the same on Form W-4 for the other job. This option is accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld ▶

TIP: To be accurate, submit a 2021 Form W-4 for all other jobs. If you (or your spouse) have self-employment income, including as an independent contractor, use the estimator.

Complete Steps 3–4(b) on Form W-4 for only ONE of these jobs. Leave those steps blank for the other jobs. (Your withholding will be most accurate if you complete Steps 3–4(b) on the Form W-4 for the highest paying job.)

Step 3: Claim Dependents	If your total income will be \$200,000 or less (\$400,000 or less if married filing jointly):		
	Multiply the number of qualifying children under age 17 by \$2,000 ▶ \$ _____		
	Multiply the number of other dependents by \$500 ▶ \$ _____		
	Add the amounts above and enter the total here	3	\$ _____
Step 4 (optional): Other Adjustments	(a) Other income (not from jobs). If you want tax withheld for other income you expect this year that won't have withholding, enter the amount of other income here. This may include interest, dividends, and retirement income	4(a)	\$ _____

General Instructions

Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

Exemption from withholding. You may claim exemption from withholding for 2021 if you meet both of the following conditions: you had no federal income tax liability in 2020 **and** you expect to have no federal income tax liability in 2021. You had no federal income tax liability in 2020 if (1) your total tax on line 24 on your 2020 Form 1040 or 1040-SR is zero (or less than the sum of lines 27, 28, 29, and 30), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2021 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 15, 2022.

Your privacy. If you prefer to limit information provided in Steps 2 through 4, use the online estimator, which will also increase accuracy.

As an alternative to the estimator: if you have concerns with Step 2(c), you may choose Step 2(b); if you have concerns with Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c). If this is the only job in your household, you may instead check the box in Step 2(c), which will increase your withholding and significantly reduce your paycheck (often by thousands of dollars over the year).

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

1. Expect to work only part of the year;
2. Have dividend or capital gain income, or are subject to additional taxes, such as Additional Medicare Tax;
3. Have self-employment income (see below); or
4. Prefer the most accurate withholding for multiple job situations.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay these taxes through withholding from your wages, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

Option **(a)** most accurately calculates the additional tax you need to have withheld, while option **(b)** does so with a little less accuracy.

If you (and your spouse) have a total of only two jobs, you may instead check the box in option **(c)**. The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is roughly accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 972, Child Tax Credit and Credit for Other Dependents. You can also include **other tax credits** in this step, such as education tax credits and the foreign tax credit. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2021 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Step 2(b) – Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on only ONE Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables; or, you can use the online withholding estimator at www.irs.gov/W4App.

- 1 Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, skip to line 3
2 Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.
a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a
b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b
c Add the amounts from lines 2a and 2b and enter the result on line 2c
3 Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc.
4 Divide the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in Step 4(c) of Form W-4 for the highest paying job (along with any other additional amount you want withheld)

Step 4(b) – Deductions Worksheet (Keep for your records.)

- 1 Enter an estimate of your 2021 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 10% of your income
2 Enter: { \$25,100 if you're married filing jointly or qualifying widow(er); \$18,800 if you're head of household; \$12,550 if you're single or married filing separately }
3 If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"
4 Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information
5 Add lines 3 and 4. Enter the result here and in Step 4(b) of Form W-4

IF YOU ARE CLAIMING “EXEMPT” ON YOUR FEDERAL OR STATE W-4

From the instructions on the Federal W-4 (top left corner of page 1):

Exemption from withholding: If you are exempt, complete lines 1, 2, 3, 4 and 7 and sign the form to validate it. Your exemption for (any year) **EXPIRES February 15 (FOLLOWING YEAR)**. See Pub. 505, Tax Withholding and Estimated Tax.

WHAT THIS MEANS: If you claim exempt you are declaring that you will owe **NO** federal income tax. If you claim exempt, you will have **NO FEDERAL** income tax taken out of your check. If you claim exempt, your W-4 form will **EXPIRE** every February and must be replaced. This is **YOUR RESPONSIBILITY**.

From the Missouri State W-4, line 4:

EXEMPT STATUS: If you had a right to a refund to **ALL** of your Missouri income tax withheld last year because you had **NO** tax liability and this year you expect a refund of **ALL** Missouri income tax withheld because you expect to have **NO** tax liability, write “EXEMPT” on Line 4. See Information below.

(There is additional information at the bottom of the page under Items to Remember, for people who qualify for the EXEMPT status due to the Military Spouses Residency Relief Act” and documents that must be supplied to your employer)

W-4 forms are turned in at times with both allowances and the word exempt. That voids the form and we must get a new one.

If you are claiming exempt, please sign this page to be attached to your W-4 that you fully understand what it means to claim this status, that NO federal or state tax will be taken out of your check and you are fully responsible for any federal or state tax liability you may have when you file your federal and state tax returns. This form must be received with any W-4 claiming exempt status, or the payroll department will contact you to either obtain a signed copy, or get a new corrected W-4.

I _____ UNDERSTAND THAT I WILL HAVE NO FEDERAL OR STATE TAXES WITHHELD FROM MY PAY CHECKS, THAT I AM RESPONSIBLE FOR ANY FEDERAL OR STATE TAX LIABILITY I HAVE FOR THE YEAR, AND I WILL REPLACE EXPIRED EXEMPT W-4 FORMS EACH FEBRUARY.

ACKNOWLEDGEMENT OF EMPLOYEE RECEIPT OF FAMILY MEDICAL LEAVE ACT RIGHTS

(Refer to FMLA poster for additional information)

I understand that reason for taking FMLA leave includes any of the following:

I hereby certify I have been informed of my rights under the Family and Medical Leave Act of 1993 on the date shown below. FMLA requires covered employers to provide up to 12 weeks of unpaid, job protected leave to eligible employees for the following reasons:

- For a serious health condition that makes the employee unable to perform the employee's job.
- For incapacity due to pregnancy, prenatal medical care or child birth.
- To care for the employee's child after birth, or placement for adoption or foster care.
- To care for the employee's spouse, son, daughter, or parent who has a serious health condition.
- Because of a qualifying exigency arising out of the fact that your spouse, son, daughter, or parent is on active duty or call to active duty status in support of a contingency operation as a member of the National Guard or Reserves. (Refer to FMLA poster for additional information for Military Family Leave Entitlements)
- Because you are the spouse, son, daughter, parent, or next of kin of a covered service member with a serious injury or illness. (Refer to FMLA poster for additional information for Military Family Leave Entitlements)

Eligibility Requirements

Employees are eligible if they have worked for a covered employer for at least one year, for 1,250 hours over the previous 12 months, and if at least 50 employees are employed by the employer within 75 miles.

Substitution of Paid Leave for Unpaid Leave

OACAC requires employees to use all paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, employees must comply with the employer's normal paid leave policies.

Benefits

I understand that for the 12 weeks of FMLA leave the employer will pay the employer's share of my health, dental and life insurance. The employee's co-pay amount for the employee (and dependent(s) if applicable) will continue to be the responsibility of the employee.

Employee Responsibilities

Employees must provide 30 days advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days notice is not possible, the employee must provide notice as soon as practicable and generally must comply with an employer's normal call-in procedure. Employees must provide sufficient information for the employer to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Employees will be required to provide a certification and periodic recertification supporting the need for leave.

You have a right under FMLA for up to 12 weeks of unpaid leave in a 12-month period calculated as:

- the 12-month period measured forward from the date of your first FMLA leave usage.
